

Twenty-five years ago, we conceived a financial group, with a single mission: to protect and manage assets through the provision of top-quality services by high-calibre staff.

Arner Bank is the parent company of a Swiss financial group based in Lugano, with offices in Milan and Nassau.

Arner Bank has grown worldwide, with the dynamism of a young company, but built by experts, and with the strength of a mature bank - a bank used to taking a holistic approach, while focusing on the details.

Arner Bank covers all aspects of investment advice and asset management with services provided by its specialists (advisors, asset managers, financial analysts, financial planning experts, etc.), who have trained at the leading international financial institutions, and possess the expertise and experience necessary to manage complex problems.

Our open architecture model allows us to select the best products and avoids conflicts of interests.

To develop and increase our presence to serve the following strategic markets:  
*Middle East, North Africa, Latin America, Eastern Europe, China*

we are looking for

## **Senior Wealth Managers, Wealth Managers to be based in Lugano or Geneva**

- § with an important experience (5-7years) in private banking institutions
- § excellent knowledge in the relationship management of international HNW clients with focus on acquisition
- § outstanding professionals recognized for their strong technical and behavioral abilities in approaching and serving new clients
- § high ethic standards, self-motivated, capable to grow and run own business

We are constantly committed to selecting new talents and consolidating the experience of senior specialists, investing in their development and refining their expertise. We aim to have the resources to optimize our relationships with our clients and make a difference.

You will join a youthful company, where experience-sharing, self-development, innovation and focus on excellence form a winning combination.
